gether and he did not yet know whether  
to be glad or sorry. How could he  
pressed the hope that there would be no  
serious clashes between the two and that  
the closest relations would be mutually  
advantageous.

Mr. Bamberger was followed by W. C.  
Orem, president of the Salt Lake & Utah  
Railway. Mr. Orem said that in his  
dream of the future he saw a complete  
electric system extending from Preston,  
Idaho, on the north to Payson, Utah, on  
the south, and extending to all the tribu-  
tary communities. Governor  
Spry interrupted the speaker with the  
suggestion that Kanab instead of Pay-  
son be made the southern limit of the  
electric system.

Stephen H. Love lauded the Ogden  
Institution, especially the Salt Lake  
for the deaf and blind. He then made  
his suggestion that a statue of John  
Browning be placed in the hall of fame  
and the proposal was greeted with a  
burst of applause.

President W. F. Jensen of the Salt  
Lake Commercial club spoke briefly of  
the friendly relations of Salt Lake  
Ogden. He said that he felt keenly the  
honor of being chosen for the principal  
officer of the Salt Lake Rotary club, an honor  
that was outstretched only by that of go-  
vernor of the state and president of the  
Weber club.

Mr. Kiesel read an original poem  
and the new poet was the recipient of  
the plaudits of the multitude. Colonel  
Charles A. Quigley and Fred C. Rich-  
ardson, both of Salt Lake, were in  
spontaneous applause greeted Mr. S. Brown-  
ing of Ogden, who was scheduled to  
speak on "Polymathy and Politics." His  
remarks were cheerfully and loudly that  
the speaker was forced to desist and listen  
to a solo by F. C. Schramm, which was  
the closing number of the programme.

Among the Salt Lake guests were  
the guests of the Weber club were Governor  
William Spry, Charles Tye, president  
of the Salt Lake Rotary club, W. F. Jensen,  
president of the Salt Lake Commercial club;  
Will G. Farrell, secretary of the Salt  
Lake Commercial club; former Senator  
Simon Bamberger, H. Dendie, deacon  
C. Lambert, Jr., John H. Johnson, New-  
ton H. Bertram, A. V. Taylor, W. G.  
Grimsdell, Jr., L. M. Bailey, Lawrence  
E. Roth, and others.

Mr. P. R. Schramm and Abe Mecklin,  
of Salt Lake, were also present.

SECOND RECEPTION  
HONORING JUDICIARY  
VANDERBILT'S YACHT  
AGROUND, BUT SAFE

WASHINGTON, Jan. 27.—The presi-  
dent and Mrs. Wilson gave the second  
of the state receptions at the White  
house tonight in honor of the judiciary  
of the United States supreme court,  
the judiciary committees of con-  
gress, the judges of the various  
government tribunals were among the  
guests.

Nearly 3000 people were invited. The  
president and Mrs. Wilson were as-  
sisted by members of the cabinet and  
their wives. The main band played  
and the trio of parlors on the lower  
floor of the White house, as well as the  
east room, were brilliantly illuminated  
and decorated.

The Surest Way  
To Remove Hairs

(Boulder Secrets)

The annoying growths of hair or fuzz  
can now be banished in quick, pain-  
less manner and at a trifling expense  
by the following simple treatment:  
Mix into a stiff paste enough powdered  
delonite and water to cover the ugly  
hair. Apply, and after 2 or 3 minutes  
remove, wash the skin and the hairs  
are gone. This will not mar the most  
sensitive skin, but you must be care-  
ful and see that it is genuine delonite  
you buy.

## NATIONAL CITY BANK SUNSHINE DIRECTORS VOTE UNANIMOUSLY TO JOIN THE FEDERAL RE- serve System.

NEW YORK, Jan. 27.—Directors of the  
National City bank, the largest financial  
institution in the United States, voted to-  
day to join the federal reserve system.  
This vote, it was announced, was unani-  
mous.

In the financial district it had been  
known for some time that the National  
City bank would come into the federal  
reserve system, although during the early stages of the  
currency legislation now enacted it op-  
posed certain amendments to the bill.  
There were rumors that it would surrender its  
federal charter.

Among the bank's directors are J. P.  
Mott, Henry C. Frick, James Stillman,  
William Rockefeller, J. Ogden Armour,  
Jacob H. Schiff and Frank Vanderlip.  
Mr. Vanderlip is president. The institu-  
tion's paid-up capital amounts to \$250,-  
000,000. Its surplus and profits are \$30,-  
500,000, and its deposits more than \$210,-  
000,000.

The directors of the Second National  
bank, which is closely affiliated with the  
City bank, also voted to join the federal  
reserve system.

WASHINGTON, Jan. 27.—Only two na-  
tional banks out of the 500 in the United  
States so far have notified the treasury  
department that they do not expect to  
enter the new federal reserve system and  
will forfeit their charters. Nearly 400  
banks have notified in formal fashion their  
intention to enter the system.

## INCREASED VALUE IN FARM ANIMALS

WASHINGTON, Jan. 27.—Farm ani-  
mals in the United States, January 1,  
were valued at \$5,591,229,000, the depart-  
ment of agriculture announced today.  
This was an increase of \$334,460,000,  
or 7.1 per cent, over the value of animals on  
farms and ranges January 1 last year.

Horses numbered 20,963,000, an increase  
of 25,000 over last year, were valued at  
\$109.32 a head, a decrease of \$1.45, and  
had a total value of \$2,291,635,000.

Cattle numbered 70,737,000, an increase  
of 250,000, were valued at \$53.94 a  
head, an increase of \$8.92, and had a  
total value of \$3,818,487,000.

Other cattle numbered 53,855,000, a de-  
crease of 175,000, were valued at \$31.12 a  
head, an increase of \$4.77, and had a to-  
tal value of \$1,675,347,000.

Sheep numbered 49,719,000, a decrease  
of 1,763,000, were valued at \$4.04, an in-  
crease of 10 cents, and had a total value  
of \$2,008,800,000.

Pigs numbered 58,833,000, a decrease  
of 2,245,000, were valued at \$10.40, an  
increase of 54 cents, and had a total value  
of \$612,551,000.

## REVIEW IS SOUGHT IN DYNAMITE CASES

WASHINGTON, Jan. 27.—Formal pe-  
tition was filed in the supreme court to-  
day for a review of the conviction of  
Frank M. Ryan and twenty-three other  
members of the International Association  
of Bridge and Structural Iron  
Workers on charges of conspiracy  
growing out of the dynamiting of the  
Los Angeles Times building and other  
structures.

Counsel for the convicted men filed the  
petition in the supreme court for review  
of the conviction of Ryan and the other  
members of the International Association  
of Bridge and Structural Iron Workers  
on charges of conspiracy growing out of  
the dynamiting of the Los Angeles Times  
building and other structures.

When the three upstairs rooms were  
given over to the board of education the  
city had not yet acquired the water-  
works system and, consequently, when it  
was necessary to provide quarters for  
the added department there was con-  
siderable crowding. The waterworks and  
the fire department now occupy a  
space which would not now occupy a  
space sufficient for the individual needs of  
each. Mayor A. G. Fell declared today  
that the city should be permitted to re-  
call in to help solve the problem.

## WEBER COUNTY FINANCES.

Special to The Tribune.

OGDEN, Jan. 27.—The assets of Weber  
county at the close of the year 1913 were  
\$108,476.16, according to the annual report  
which has been completed by County  
Auditor Thomas E. McKay. The total  
assets are given as \$200,057.89 with li-  
abilities of \$91,581.73. The report  
shows that the county on Jan. 1, 1913,  
was \$36,177.36, while the amount on  
hand at the close of the year was \$108,-  
476.16. The report shows that the county  
after \$208,853.90, and been spent during  
the year. The receipts and cash on hand  
for the year amounted to \$240,361.83.

The report shows that during the  
year and bonds in the sum of \$12,000  
were taken up, but the floating indebted-  
ness was reduced only \$786.25. The re-  
port shows that the county has been re-  
sponsible for their next regular meeting on  
Monday.

## HEAVY SNOW IN WEBER.

Special to The Tribune.

OGDEN, Jan. 27.—The heavy fall of  
snow during the early morning and af-  
ternoon hours has caused great trouble  
for twenty-four hours when the local weath-  
er gauge showed eight-tenths of an inch up  
to 1 o'clock this morning and then fell  
heavily after this hour, but a drop in  
the temperature during the evening brought  
freezing and clear atmosphere.

Owing to the fact that the temperature  
was below zero, the snow was damp and  
causing considerable damage throughout  
the city. Electric cars on both the city  
and suburban lines were delayed by the  
heavy snow.

## WITNESS IS AN EPILEPTIC.

Special to The Tribune.

OGDEN, Jan. 27.—James Brooks, a wit-  
ness in the case against Sam  
Green, charged with a murderous assault  
upon August Griegreich, is a patient in  
the hospital ward of the city jail as a  
result of an attack of epilepsy which he  
suffered this morning. He was removed  
from the urban passenger station to the  
police headquarters in the city jail. He  
had been attended by City  
Physician Walter E. Whalen. Brooks  
said he was subject to the attacks and  
would recover in a few days.

## SEEKING NEW SITE FOR WEBER "GYM"

Academy's Board of Direc-  
tors Plan to Acquire En-  
tire City Block.

Special to The Tribune.

OGDEN, Jan. 27.—Falling to secure ad-  
ditional ground adjoining the present  
school property on Jefferson avenue, the  
directors of the Weber academy have  
virtually decided to seek another loca-  
tion, one nearer the edge of the city, for  
the proposed campus and site for the  
new gymnasium. Funds for the proposed  
gymnasium building have been available  
for several months past, but the efforts  
to acquire a property fronting on Adams  
avenue or Twenty-fifth street and still  
adjoin the present school site have de-  
fied actual building operations.

The board has now received offers from  
two prominent citizens of approximately  
a half block of land free if the same  
is used for a campus and site for the pro-  
posed gymnasium. This property is lo-  
cated in the eastern part of the city and  
if the directors should decide to accept  
it they will immediately purchase the re-  
maining property in the block, thus de-  
dicating an entire city block to the uses  
of the school.

If the board of the academy should  
decide to erect a gymnasium on property  
apart from the present school building  
the present school building would be  
eventually located all of the school  
buildings on the new site. The activities  
of the school have nearly outgrown  
the present building and the school  
and there is not sufficient space for a  
large addition.

## REARRANGING DEPARTMENTS.

Architects May Be Called In to Help  
Distribute Space in City Building.

Special to The Tribune.

OGDEN, Jan. 27.—Since the removal  
of the city departments from the old  
second floor of the city building, the  
city commissioners have been trying to  
solve the perplexing question of how to  
rearrange the city departments in order  
to give several of them the additional  
space required by increasing business.  
While no definite plan has been reached,  
it seems certain that the waterworks  
department will occupy at least a large  
portion of the space vacated by the edu-  
cational system.

When the three upstairs rooms were  
given over to the board of education the  
city had not yet acquired the water-  
works system and, consequently, when it  
was necessary to provide quarters for  
the added department there was con-  
siderable crowding. The waterworks and  
the fire department now occupy a  
space which would not now occupy a  
space sufficient for the individual needs of  
each. Mayor A. G. Fell declared today  
that the city should be permitted to re-  
call in to help solve the problem.

## EAGLES HAVE GREAT SHOW.

Special to The Tribune.

OGDEN, Jan. 27.—Although the production  
might have had a much larger at-  
tendance, enthusiasm was not lacking  
in members of Ogden No. 118,  
F. O. E. tonight when that organization  
presented its annual minstrel show at the  
theater. The programme in-  
cluded the usual first part, solo specialists  
and an exhibition by the degree team  
and a closing comedy sketch, in which  
all members of the company participated.  
More than thirty members of the Salt  
Lake aerle were present. The show will  
be presented again Wednesday night.

## INCORPORATE "QUALITY SHOP."

Special to The Tribune.

OGDEN, Jan. 27.—Articles of incorpora-  
tion for the R. & O. Quality Shop were  
filed in the office of County Clerk S. G.  
Dye today. The incorporation was  
in members of the company are Benjamin  
Oppman, president; Bertha Rosenbluth, vice  
president; Henry Rosenbluth, secretary

## HALF-DAY SESSION BRINGS DISCUSSION

Many Parents and Labor  
Unions Oppose, but Prop-  
osition Likely to Carry.

Special to The Tribune.

OGDEN, Jan. 27.—Believing that the  
decision of a majority of the parents will  
be in favor of the new plan, Superin-  
tendent John M. Mills is preparing to in-  
augurate the much-discussed half-day  
session in the three junior high schools  
of the city, in accordance with the an-  
nouncement recently made in the form  
of a letter to the parents. The balance  
of opinion, as indicated by the ballot  
letters received at the board of educa-  
tion, is in favor of the plan, according to Superin-  
tendent Mills.

In the letters, which were mailed to the  
parents of all junior high school students  
on Monday, a blank space was left for  
the decision of the parent. Considering  
the three schools collectively, the par-  
ents favoring the plan are in the ma-  
jority up to this time. From the stand-  
point of individual schools, the Central  
junior high school is the only one of the  
three showing a majority against the  
half-day session, according to the returns  
up to this evening.

The parents of the North junior high  
school, as indicated by the letters re-  
ceived up to 5 o'clock, were 90 to 50 in  
favor of the plan, and the South junior  
high school, as indicated by the letters re-  
ceived up to 5 o'clock, were 80 to 20 in  
favor of the plan. The parents in that  
section of the city to be favorably dis-  
posed. Superintendent Mills is certain that  
the collective showing, when all of the  
letters have been received, will result in a  
majority rule for the new system.

The head of the school system does not  
anticipate that there will be more than  
a few classes of students taking advantage  
of the half-day ruling at the outset, be-  
cause all of the parents voting against  
the plan will understand that their chil-  
dren remain in school the entire  
day. It will not even be possible  
to allow many of the children whose par-  
ents voted for the half-day session to  
take advantage of the new system, be-  
cause the parents will not be able to  
furnish the school authorities with sat-  
isfactory reports regarding the student's  
employment during the half day or she  
is not in school. Consequently, the child  
must remain in the school room, even  
if he can organize only a few  
classes on the half-day plan throughout  
the junior high school system of the city.

The school head declared today that  
one parent became quite excited when the  
clerk refused to furnish him with a writ-  
ten statement to the effect that his son,  
a student at one of the junior high  
schools, was not be permitted to at-  
tend school all day.

"If my boy cannot attend school all  
day I want a piece of paper showing that  
he is not in school," the parent is alleged  
to have said. He was somewhat sur-  
prised to learn that his child would be al-  
lowed to attend school throughout the en-  
tire day. He is the only student in his  
class enrolled in the half-day session move-  
ment.

The Ogden Trades and Labor assembly,  
composed of delegates from nearly all of  
the labor unions of the city, is the latest  
organization to join the opposition.  
Superintendent Mills' plan, the mem-  
bers of that organization take the stand  
that the half-day session idea in the pub-  
lic schools is an institution of child labor,  
thrusting the child laborers into open  
competition.

By the adoption of resolutions, the re-  
presentatives of the trades unions demand  
a special election on the proposition, and  
also demand the resignation of the school  
superintendent if he persists in the  
plan, unless the proposition without first  
having ascertained their wishes.

## TIME TO REPENT.

Men Convicted of Attempted Holdup Get  
Sixty Days.

Special to The Tribune.

OGDEN, Jan. 27.—Sixty days each in  
the city jail was the sentence pro-  
nounced by Judge W. H. Reader this  
morning in the case of W. M. French  
and B. E. Orman. While the two men  
were tried on charges of assault and  
battery and disturbing the peace, the  
heavy sentence was the result of evi-  
dence tending to show that the pair had  
attempted to hold up George  
Hannos near the Bamberger station, Lin-  
coln avenue and Twenty-fifth street, a  
few nights ago.

Hannos, who was the chief witness for  
the city, testified that he had walked a  
short distance with the two men when  
they demanded money. French, striking  
him on the head with a brick, tried to  
comply with the order. Hannos made his  
escape and his assailants were arrested  
on description.

## Mrs. Schilling Wants Divorce.

Special to The Tribune.

OGDEN, Jan. 27.—Alleging that she  
was abandoned by her husband when she  
came to Ogden in 1912 to visit relatives,  
Beatrice Schilling has filed a complaint  
in the district court to have her divorce  
from Carl G. Schilling. The parties  
were married in this city on September  
12, 1908.

Later they moved to Waterloo, Ia., and  
in November, 1912, Mrs. Schilling came  
to Ogden for a visit. On December 12  
of the same year she received a letter  
from her husband, stating that he could  
remain here, as he had sold all of the  
household furniture and did not care to  
live with her any longer. The letter also  
advised her not to return to Waterloo,  
according to the complaint.

Mrs. Schilling petitions the court for a  
decree of divorce and general relief.

## Will Pay for Window.

Special to The Tribune.

OGDEN, Jan. 27.—J. H. Nolan and Dan  
Grubb, who broke a \$15 plate glass win-  
dow at the Ogden Hotel, today, when  
they were fighting last evening, pleaded  
guilty in Judge W. H. Reader's court  
this morning to charges of disturbing the  
peace. They proposed to pay for the  
broken window and Judge Reader will  
give them an opportunity to do so, taking  
their cases under advisement in the  
meantime.

## Insists Upon Plans.

Special to The Tribune.

OGDEN, Jan. 27.—On the condition  
that an architect furnish the board with  
plans and specifications of the proposed  
improvement of the city commissioners  
granted P. K. Smith permission to ex-  
cavate a basement under a building at  
Washington avenue and Twenty-sixth  
street. The permission was granted on  
condition.

## ITALIAN ARRESTED.

Police Suspicion Former Employee of  
Macaroni Co. as Revengeful Assassin.

Special to The Tribune.

OGDEN, Jan. 27.—On suspicion that  
the man may have fired the shot to ob-  
tain revenge for the discharge several  
weeks ago, the police have arrested Cor-  
nelio Bronzo, an Italian, in connection  
with the shooting of the Western  
Macaroni company early last Sunday  
morning. Suspicion attached to Bronzo  
when the firemen found a hat in the  
basement which was identified as one  
purchased by the Italian at the Fred M.  
Nye store on last Saturday afternoon.

When the man was discharged several  
weeks ago he is said to have told other  
employees of the place that he would  
"get even." The police have also  
information that the Italian has been  
loitering in the vicinity of the  
plant late Saturday afternoon. The fire,  
which was discovered about 2:30 o'clock  
Sunday morning, resulted in damage es-  
timated at \$2000.

According to the information furnished  
by Fire Chief A. B. Cardell, gasoline had  
been poured about in the basement  
before the fire was started. The police  
are seeking for a supposed accomplice  
of Bronzo, who has been held on an  
open charge pending the further in-  
vestigation by the officers.

President F. E. Mills of Salt Lake, an  
official of the Western Macaroni com-  
pany, and the local manager, A. Ferro,  
have made a thorough investigation of  
the case. They have concluded that the  
plant will be repaired and re-  
modeled as soon as the insurance ad-  
justers have passed the claim. The  
Ogden field, they assert, is one of the  
best in the whole territory of the com-  
pany.

## TRAINS IMPEDED.

Heavy Snows Delay Western Transporta-  
tion, but U. P. Trains Mostly on Time.

Special to The Tribune.

OGDEN, Jan. 27.—With practically a  
clean road over the Salt Lake division,  
Southern Pacific trains of Monday, de-  
layed more than twenty-four hours by  
snow, have been able to resume their  
normal schedule. The trains on the  
mountain section west of Sparks, Nev.,  
were scheduled to arrive in Ogden before  
midnight. Nos. 10 and 11, which were  
delayed by No. 6 of this morning,  
were reported due in this city be-  
tween 8 and 11 o'clock tonight. Nos. 2  
and 3, which were scheduled to arrive  
at 2 o'clock tomorrow morning,  
will arrive at 2 o'clock tomorrow morning.

Superintendent T. F. Rowlands, Train-  
master George Geiger and Engineer Oth-  
mer, who have been attending a  
"safety first" meeting at the University  
of Nevada at Reno, are expected to ar-  
rive in Ogden early tomorrow morning.  
Reports from Superintendent Rowlands,  
received by Assistant Superintendent H.  
L. Bell today, indicate that the heavy  
snows have caused a delay of about  
one hour in the trains over the line  
between Ogden and Sparks.

Although there has been a very heavy  
fall of snow between Ogden and Evan-  
ston, Wyo., trains over the Union Pacific  
were not delayed more than a few min-  
utes. Officials of the road antici-  
pate more serious delays tomorrow  
on account of the drifting snow of this af-  
ternoon and evening filling the cuts.

## BONDS ARE LEGAL.

Money Now Available for Construction of  
Dam and Reservoir.

Special to The Tribune.

OGDEN, Jan. 27.—As the result of a  
decision handed down by Judge Charles  
E. Wood of Chicago, the voting of \$75,-  
000 worth of bonds for the city's portion  
of the dam and reservoir project has  
been declared legal, the only addi-  
tional action necessary being an ordi-  
nance of the city council and approval  
of the commissioners. City Attorney Val-  
entine Gleason made the decision of the  
Chicago judge known to the commis-  
sioners today and the board has a claim  
of \$25 for the services of a jurist.

In the past there has been some diffi-  
culty in obtaining bids on Ogden im-  
municipal bonds owing to irregularities  
in the voting of the same, the last ques-  
tion being raised by E. H. Rollins & Co.  
The committee on the dam and reservoir  
has been regular and the bids will be  
placed on the market soon after the re-  
cording of the ordinance is passed. The  
action is necessary because of the inten-  
tion to resume construction work on the  
dam and reservoir early in the spring.

## WOOLGROWERS REFUSE TO SELL.

Special to The Tribune.

OGDEN, Jan. 27.—Fourteen cents per  
pound is the initial price offered by east-  
ern wool buyers who have opened their  
spring negotiations with local buyers.  
The price said to have been refused by  
two Ogden growers when offered by  
representatives of Boston firms now in  
this city. The prices varied last year  
from 12 to 15 cents.</
